CAREER OBJECTIVE

Seeking an entry-level position to begin my career in a High-Level Professional environment.

EDUCATION

L J UNIVERSITY

Master of Computer Application | 2024 – Pursuing

BHAKTA KAVI NARSINH MEHTA UNIVERSITY

Shri V.J. Modha College of IT | 2021 -2024
Bachelor of Computer Application | CGPA: 8.22

SKILLS

programming	Web Development	Database	Frameworks	Other Tools
• Java	• HTML	• MySql	• ASP.NET (C#)	• Postman
• Python	• CSS	• Firebase		• Git
• C#	• JavaScript	• SQL Server		
• C	• PHP	• MongoDB		

PROJECT

Quiz Application

Created an engaging Quiz App featuring gamified quizzes, instant scoring, leaderboards, and a reward spin wheel to boost participation. Integrated an admin panel for content management and used Android (Java) with Firebase for live data handling.

Student Management System

Developed a secure, role-based platform with login authentication, password recovery, and controlled access for Admin, Teacher, and Student roles. Included modules for attendance tracking, fee management, leave requests, and personalized dashboards using C# and MS Access.

Hotel Management Asp.net

Designed an online booking platform with reservation management and live status updates to optimize guest and staff workflows. Built responsive interfaces using HTML, CSS, JavaScript, and implemented a C# backend for real-time database operations.

CERTIFICATES

- **Computer Networking** | Coursera | February 2025
- **Java Bootcamp** | LetsUpgrade | January 2025
- **Python Bootcamp** | LetsUpgrade | January 2025
